

CONFIDENTIAL INFORMATION: DO NOT SHARE WITH THE CANDIDATES.

OBSERVATIONS TO BE MARKED BY INVIGILATORS.

THIS INFORMATION IS TO BE DISCUSSED BETWEEN THE INVIGILATORS AND THE LIFE SCIENCES TEACHER IN THE 45 MINUTES BEFORE THE EXAMINATION COMMENCES.

SCRIPTS THAT DO NOT HAVE THE MARKS WRITTEN ON THE FRONT COVER (BY INVIGILATOR) WILL LOSE THESE ASSESSMENT MARKS.

THERE ARE TO BE NO CANDIDATE NAMES, NAMES OF SCHOOLS OR RED PEN MARKS ON ANY OF THE SCRIPTS.

Following instructions

There must be six cylinders of potato and they should each measure 20 mm in length.

Container contents

The six plastic containers must be marked A to F and in E there must be more liquid than in the other cups to get the mark.

Recording

The temperature of container A will be measured. The candidate needs to position their eye at the level of the reading and not measure from above or below. Life Sciences teacher to demonstrate this skill.
